

ACTIVEAIR DRIVE

by **DISNFEK**

Every Driver Must-Have

Indoor car air is 10 times
more polluted than external air.

Active Air Drive filtration process insures
you and the ones you care about are
breathing fresh unpolluted air
on every ride.

**TiO₂ Photo Catalyst
in Ceramic Material**
Generate OH radical. Filters
and disintegrate substances that
induce atmospheric pollution
(sulfurous gas, ultra fine dust, nitrogen
dioxide, exhaust and gas fumes)
